

# Hymann

Hydraulic technology

**SLIP RING (BRUSHED)**

REF. HY-SR-015.007

## General Characteristics

The HYMANN HY-SR products allows the electrical connection between the fixed and rotary elements.

## Technical Specifications

N.º. of circuits	9x signal; 2x power
Voltage max.	24 V DC
Current max. p. Ring	1 A signal; 19 A power
R.P.M max	100
Protection Class	IP 00
Lead wires	PTFE-leads AWG20; PTFE-leads AWG26
Temperature Range	-20°C / +80°C

## Material

Body	Stainless Steel
